BARNEVELD

On the 14th of September 2018, Aeres is organising a conference to share the results of the Erasmus project, European Equine Entrepreneurship (EEE).

Get your ticket at
aeres-conference.com

The sessions will be held in English and are intended for teachers, students and entrepreneurs within the equine community.

This is an Erasmus funded KA2 project that was started in September 2016 with partners from four European countries (Denmark, Finland, The Netherlands and The United Kingdom). The aim of the project is to stimulate the development of entrepreneurship skills amongst equine vocational students within a European context. The conference will be held during Horse Event in Vijfhuizen, The Netherlands.

You are invited!

The project partners would like to share their experiences, insights and products with you. The conference program is in the morning and includes national and international speakers, as well as partners. The program is free and includes lunch and entrance tickets. The remainder of the day can be spent visiting the rest of Horse Event.

Erasmus+

This project is funded by the European Union.
